PROFESSIONAL SUMMARY

Results-driven UI/UX and Graphic Designer with 4+ years of experience designing user-centered digital products for web and mobile platforms. Adept at leading design teams, building scalable design systems, and delivering end-to-end solutions from wireframe to production. Skilled at bridging creative vision with technical execution, with a growing proficiency in leveraging AI tools to accelerate workflows and generate innovative design concepts.

WORK EXPERIENCE

UI/UX Designer — Assistant Team Leader

RWB Smart Solutions Inc.

September 2025 – Present

MDCT Building, Cebu

- Spearhead user-centered design by synthesizing business requirements and user feedback into intuitive, high-fidelity interfaces
- Deliver end-to-end design artifacts including user flows, wireframes, interactive prototypes, and production-ready mockups
- Define and maintain cohesive design systems, style guides, and component libraries across web and mobile products
- Collaborate with developers to identify and resolve UX issues around responsiveness, accessibility, and usability
- Leverage Claude AI, ChatGPT, and Nano Banana to accelerate concept generation, streamline design iteration, and rapidly prototype ideas
- Apply vibe coding techniques using Visual Studio Code to build interactive UI prototypes and design-to-code implementations, bridging the gap between design and development
- Integrate Figma Make and AI-assisted workflows to automate repetitive design tasks and maintain consistent output quality at speed

Web & Graphic Designer — Assistant Team Leader

Interactech Solutions Inc.

August 2023 – September 2025

QBE Skyrise Beta, Cebu

- Led creative direction for web and mobile applications, delivering responsive UI redesigns across multiple client products
- Collaborated with cross-functional development teams to translate design concepts into pixel-perfect production assets
- Created diverse visual assets including product illustrations, logos, banners, icons, and animated elements
- Oversaw full design lifecycle from concept through QA, ensuring designs met both creative and functional objectives

Graphic Designer

TimeRiverDesign Inc.

November 2022 – August 2023

FPN Epic Centre, Cebu

- Designed application UI components and marketing materials aligned with client brand guidelines
- Rebuilt and standardized digital banner assets across platforms, ensuring consistent visual identity
- Performed advanced photo manipulation including retouching, background removal, and color correction

Digital Animator — Internship

Kozcus Studio

June 2021 – June 2022

Mivesa, Cebu City

- Developed animated characters using Photoshop and OpenToonz for short films and multimedia projects
- Assisted with video editing including color grading and audio synchronization across the production pipeline
